

## Ways you can be involved in the SJC Community

Parents, family members, and carers can get involved at St Joseph's College by volunteering in various ways, such as assisting in the canteen, supporting events, participating in working bees, or mentoring students at the Careers Centre. Volunteering offers opportunities to connect with other parents and enjoy a fulfilling experience. If interested, please reach out – we welcome your time and expertise!

### Parent Network

We provide a strong connection with the broader SJC Community to work together to support students and the College. Our gatherings highlight College updates and upcoming events, offering insights from various departments including Leadership, Wellbeing, and Career Pathways. Additionally, we hold three social events annually to unite the SJC community in supporting our students.

### Canteen

With over 1000 boys to feed, we rely on volunteers to assist in serving. Sign up via Operoo for shifts from 10:20am-1:50pm. If no slots are available online, please call. Your help is vital for the canteen's independent operation and is deeply appreciated.

### Care Group

We offer meals to families facing challenges like illness or loss. Members occasionally provide meals for delivery to those in need. We encourage the College community to reach out if they're experiencing difficulties or ill health.
