"Literacy is a bridge from misery to hope. It is a tool for daily life in modern society. It is a bulwark against poverty, and a building block for development. Literacy is, finally, the road to human progress and the means through which every, man, woman and child can realize his or her full potential." – KOFI ANNAN, Nobel Peace Prize Winner and 7th Secretary-General of the United Nations, 1997 – 2006.
